

The RittenCard allows the use of all transport means: railway, cable car, gondola lift, buses. The RittenCard must be validated on site at the designated ticket validation points every time before boarding public transit.

Please note that sturdy shoes and a waterproof jacket are recommended.

**Rittner Horn / Corno del Renon.**  
**Accompanied by geologist Ludwig Nössing.**  
**(The hike will take place only with nice weather)**

**Start:** Soprabolzano

**End:** Soprabolzano

**Trail description:** The Renon Railway from Soprabolzano brings you to Collalbo (the train departs every 30 minutes, always at 00.10 and 00.40, travel time ca. 16 minutes). Take the bus N° 166 (departs every hour at 00.08) from the Kaiserau parking place (below the Collalbo station) till Pemmern (travel time ca. 12 minutes). You can reach the peak at an altitude of 2260 meters by taking the Gondola lift from Pemmern/Tre Vie to Schwarzseepitze/Cima Lago Nero. The geologist will give the short explanation of panorama. To return take the Gondola lift to Pemmern (the last ride at 17.30), than the bus N° 166 to Collalbo (the last ride at 17.42). From Collalbo you have two possibilities to get to Bolzano: either by Railway to Soprabolzano and then by Cable Car, or with the direct bus N° 165.

**Hike to the Earth pyramids.  
Accompanied by geologist Ludwig Nössing.  
(the hiking will take place also by rainy weather)**
